To: Joint Intelligence Study Publishing Board

Subject: Distribution of Cost of JANIS

Enclosure: Copy of Memorandum to Lt. McCullough from Mr. E.W. Averill

1. It will be noted that Mr. Averill erroneously assumed that the Navy ordered 600 copies of Janis 38 and that the Army ordered 150 copies. Actually shipments were as follows:

U.S. Navy	350.00
A-2	100
G-2	150
OSS	100
JISPB	25
Miscellaneous	25
	<hr/> 750

2. It seems logical that the contributing agencies should be charged according to the number of copies they actually received and this can be done by transferring the charges on Form 1080. It is necessary, however, to ascertain what appropriation can be charged in each agency before Form 1080 can be properly filled out by the Navy Department.
3. It is requested, if the above suggestion is approved, that the board members secure approval from their respective agencies for this procedure.
